

Fire Department **Incident Safety Officers Academy**

**Saturday, January 25, 2020
&
Saturday, February 29, 2020**

The Resolute Hose Company #1 in conjunction with the Fire Department Safety Officers Association will host a “**totally re-vamped**” two-day Incident Safety Officers Academy on January 25, 2020 and February 29, 2020. This program will present, well researched and compelling curricula to the very people (line officers, safety officers, chief officers, and commissioners) who can make a huge difference in preventing injuries/deaths at working incidents.

The teaching staff (all experienced, certified ISO/HSO) approach is to present material that is street relevant and includes practical examples, discussion and actual fire-ground footage. **Following the class certification, testing (additional cost and application made payable to the FDSOA) to an updated NFPA 1521 Standard and accredited by the Pro-Board will be available following the two-day program. The new two-day Incident Safety Officer program is based on the Dave Dodson’s 3rd edition of the Fire Department Incident Safety Officer (FDISO) handbook which is included in the cost of the program.**

Please join us in this exciting new program, if you have any questions please contact R. Maddox Lead

Instructor at 631-589-0189 extension 127 or safetysfd@gmail.com
